18

To, The Director of Revenue Settlement
and Agriculture
Madras.

Sir,

I have the honor to report on the progress of field work during the month of December 1884 and to submit the usual returns.

2 <u>Classification</u>. This operation was completed in 17 villages of the Tirumangalam Taluk comprizing an area of 26568 acres or 42 square miles and 13 villages were in progress during the month in the Same Taluk.

3. The actual outturn of work during the month extended over 7122 numbers embracing an area of 23701 acres which is less than that of the preceding month by 13548 acres. The rate of actual work per man per diem during the month under report was 125 acres or 10 acres less than the standard rate.

4. <u>Azmaish or Re-examination</u>. This item of work was completed in 19 villages in the

the Tirumangalam Taluk by the Head Classifiers and 3 villages were in progress in the same Taluk by the same officers. The Supervisor tested 9 villages over the work of Head Classifiers in the Tirumangalam Taluk.

5. Mr. Elwin one of the Assistant Collectors deputed to go through the course of Settlement work was ordered by telegram to proceed to Vizagapatam. He had completed the field work and was preparing his report for submission when he was directed by Government to join his appointment at once. Mr. Richards was only a month with this party when he was ordered enroute to Kurnool. I think it is a pity that young Civilians who are expected to go through a course of instruction in settlement work should be sent away before completing the same. Mr. Miller has completed his field work and is now preparing his report for submission.

6. Tank Ayacut. Revision of wet Ayacut

was

was Carried out in 9 Villages of the Tirumangalam Taluk. CCS

-19-

REVENUE SETTLEMENT OFFICE,

Madras 24th [illegible] 1885.

Encs Two

~~Enclosure.~~

To

THE Acting Director of Rev Settlement
and Agriculture
Madras

SIR,

23
62

With reference to your Endorsement No 177 dated 22d January last, I have the honor to submit herewith a statement showing the financial result on the settlement of the resumed Inam village of Puttur, Trichinopoly Taluk

23

Trichinopoly District.

2 This village lies south of the Trichinopoly Town at a distance of 9 miles. ~~This is a poor village~~ It Contains 5 ~~[illegible]~~ rain-fed tanks each capable of holding only a month's supply. Taking into consideration the lands of ~~I have placed~~, having reference to the adjacent [illegible] village of Kundur [illegible] ~~[illegible]~~ [illegible] ~~made to the Sett~~ ~~of Trichinopoly~~

have placed the dry

lands in the 3rd ~~group~~ and the wet in the

5th ~~groups~~. No proper accounts showing

the old assessment ~~are~~ forthcoming

for this village except ~~an account~~ a statement

called "Karai Sagupadi" of Fasli

1263. The area and assessment

arrived at as per settlement were

compared with the said ~~account~~ document.

~~In doing so, I found~~ and the result was an increase

of 26 acres and Rs. 38 in wet,

and a decrease of Rs. 16 against

an increase in area of 29 acres

in dry, ~~which is~~ attributable

to the poorer ~~condition~~ quality of the

soil. There is also an increase

of Rs. 129 in wet and dry lands

taken up by the ryots in their

pattahs as shown below

	As per Karai Sagupadi of Fasli 1263.					As per Settlement				Difference				Percentage		Remarks

REVENUE SETTLEMENT OFFICE,

Camp Kokkulam, 21st Jany 1885.

Enclosure. 1

To

THE Director of Rev: Settlement & Agriculture Madras

SIR,

As called for in your proceedings No. 15 of 6th Inst I have the honor to return ~~herewith~~ by packet Post the Land Register of Arasappatti Tirumangalam Taluq Madura District.

I have &c

[illegible]

DDRS.

To

The Dir. Rev Settl & Agriculture
Madras

27 No. 23.

Camp Pottampatti
29 January 85.

Sir

I have the honor to forward a report received from Mr. L. C. Miller Asst. Collector of Tanjore submitting proposals for the villages of the Madura Taluq noted in the margin together with comparative statements showing the difference between his figures & those according to the original classification. In the first named two villages there appears to be a similarity throughout but in Puliyankulam there are several changes which from the character of the soil after personal inspection seem justifiable

1. Appittampatti
2. Chintamani
3. Puliyankulam

The Classifier was undoubtedly at fault in having classed as brown loam lands which should come under the red ferruginous series. The only error committed by Mr. Miller was in placing under too high a sort a tract of land impregnated with salt which was apparent from the withered & stunted growth of the crops notwithstanding an abundant supply of water

2. Mr Miller has not pursued the course hitherto adopted by his predecessors viz applying the standard rates to wet lands but from information collected from the Ryots of the villages has worked out a set of rates which he has applied & the results are shown in the statements appended to the Report

98

3. In the absence of reliable infor-
-mation regarding the yield of dry
crops he has adopted the Standard
rate for 1st group which may be
accepted as fairly correct the
Financial results for both wet
& dry do not coincide with those
of actual Settlement but Mr. Miller
has shown that he has acquired
a knowledge of the various opera-
-tions connected with a Settlement
& I therefore beg to request that
he may be furnished with the
usual qualification certificate
which I forward for countersign...

[illegible]

I No 23

99

I, Col. C. J. Streat, Dy Director Revenue Settlement No III Party do hereby certify that Mr L. C. Miller of the Madras Civil Service has been attached to No III Party for a period of 3 months (from 10th October 1884 to 24th January 1885) inclusive of X mas holidays during which time he has accompanied me on several occasions when engaged on field classification and that he has acquired a fair knowledge of the operations of Settlement and of the orders relating thereto

CCS

No. 24 REVENUE SETTLEMENT OFFICE;

Camp Pottampatti, 29-1-1885.

Enclosure:

To

THE Director of R. S. and A.

33 Madras.

SIR,

As requested in your Foot Note No. $\frac{2158}{122}$ of the 3rd July 1884 to the Proceedings of the Board of Revenue No. 2072 dated 16th June 84 I have the honor to state that ~~the~~ some of the Penknives supplied to this Party in the year 1884 ~~are~~ have been in use for the ~~past~~ past 8 months Scissors ~~have not been~~ were not supplied,

in

in the year in question. The name
of the manufacturer of the
Penknives inscribed on the
blades is "Underwood". In
my opinion the blades of the knives are well
tempered and do not require to
be sharpened often - They are therefore
suitable for Office use -

CC

2. Petition no. A/1 of 1884 was received with your Proceeding no. 3268 of the 6th November 84 which is entered in the return of Proceedings unanswered for the quarter in question. It was thought therefore unnecessary to enter the Petition separately in the return under reference ~~as my reply to the above Proceeding would be on the same matter as is represented in the Petition.~~

3 As regards the first two Petitions in the return under review, I beg to state that they will be disposed of as soon as the requisite information has been received from the Supe[rintendent] ~~immediately on completion of enquiries.~~

No. 66

REVENUE SETTLEMENT OFFICE

Madura 26 - 2 - 188

Enclosure. 1616

To

The Director of Revenue Settlement
and Agriculture
Madra

Sir,

I have the honor to report on the progress of field work during the month January 1885 and to submit the returns.

2. Classification. This operation was completed in 16 villages of the Tirumangalam comprising an area of 38926 acres 61 square miles and 6 villages were in during the month in the same taluk

3. The actual outturn of work over 4725 numbers embracing an area of 19817 acres which is than that of the preceding month by 3884 acres. The rate of act work per man per diem during mon

month under report was 137 acres
12 acres more than that of December
t.

Aymaish or Reexamination. This item
work was completed in 24 villages in
Tirumangalam Taluk by the Head Classifiers
2 villages were in progress in the
e taluk by the same officers. The
ervisor tested 15 villages over the work
Head Classifiers in the Tirumangalam
k and 6 villages were tested by
lf in the same taluk during the
th.

Tank Ayacut Revision of wet
ut was carried out in 7 villages
Tirumangalam Taluk.

Mr Horne has completed his
work and is now going on
Kyle experiments &c. Mr Foster
done the field classification of the
illages

44A

though there are ~~six~~ 10 letters or subdivisions

(two in each) ~~yet~~ they had to be divided

and measured into 57 pluses owing to the

~~many~~ numerous bendings in the fields. Where there

are ~~houses~~ only a few bendings ~~in the fie~~,

~~the measured~~ more letters of course can be ~~measured~~ turned

~~with less number of pluses~~ out 36 . I ~~therefore~~

Consider that 200 pluses is a fair average

per man per diem in the measurement of

interstitial holdings in this district as

proposed by me in my letter No 213 d/10

~~A not last~~, I have issued strict orders that

those that fail to produce this outturn will

be reduced or dismissed.

6. ~~Aymaish~~ Examination of measurement work. ~~An~~

21 villages in Periyakulam and 1 in Dindigul

were in progress. Only one Hd Classifier

was engaged in this work as the 2 other Hd Classifiers

~~who had been engaged in this work in the~~

~~Palani Taluk~~ and another ~~the~~ who had ~~finished~~

~~his inspection of~~ classification in Tirumang

were utilized on settlement ~~& work~~ operations at

Palani. I ~~shall~~ hope soon to send a sufficient No of

measurement Gumastahs and Hd Gumast

for the speedy Completion of ~~both~~ measurement
in the Periyakulam Taluq.
work ~~and~~ ~~gymnik of the same~~

7. Introduction of Settlement. The classi-
fication registers of 10 villages were compared
with the Revenue accounts of Fasli 1294
and the sub-division measurement books.
of 3 villages were checked. The abstracts
of 25 villages were submitted for approval.
For 14 villages rough Chittahs were prepared
and pattahs for 5 villages were issued and the
preparation of the same for the remaining 9 villages was in progress
during the month under report.

No. 49 REVENUE SETTLEMENT OFFICE,

Madras, 2d March 1885.

Enclosure. 1

To

The Director of Revenue Settlement

Madras

55 56

Sir,

In forwarding herewith the batta bill of my Establishment for January and February last I have the honor to state that the amount available under the Item of batta for Establishment is only 3 annas and 3 pies. The amount of the bill in question comes to Rs. 72-8-4 There is no time for obtaining sanction before the close of the official year for the transfer of the surplus of one

minor

nexion leads to another. I therefore
request that you will be so good as
to include the amount of ~~my bill~~
in the Central Office bill and
remit the same to me when drawn.

I ~~f~~ further ~~In conclusion~~ beg to bring to your
notice that the allotment for bill~~s~~
of the Establishment of my Dist. for
the year 1885-86 is ~~similarly small~~
~~and~~ not sufficient to meet Ex-
penditures under that head ~~as the~~ ~~which~~
will probably be greater ~~may be heavy~~ in consequence of the
introduction of the settlement ~~in~~
the District during the year in question

CA

REVENUE SETTLEMENT OFFICE,

No. 584 Madura, 3rd March 1885.

From,

DEPUTY DIRECTOR OF REVENUE SETTLEMENT,

PARTY NO. 3.

To,

The Director of Revenue Settlement
and Agriculture
Madras.

50.

Sir,

With reference to para 3 of your Proceeding No. 2545 A dated 8th August 1884 I have the honor to forward herewith the+ marginally-noted statements for 7 selected villages in the 6 Taluks of the Madura District in which sub-division measurements were carried out.

+ Sent separately by book Post.

I Statement showing the difference in percentage between the proportionate area & the actual measurement.

II Do. showing the Comparison between the proportionate area & the actual measurement of each sub-division in 7 villages of the Madura District.

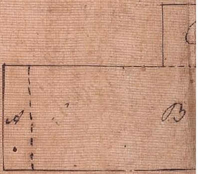
2. Statement No. 2 shows the comparison between the proportionate area and the actual measurement of each sub-division and also the adjustment of the same to tally with the total Survey area of the number.

3. As the area of each number has been arrived at by the Computing scale in the Survey office there will be a

difference

difference between it and that obtained by Chain measurement on the ground.

4. It will be seen from statement No. 1 that the difference between the actual measurement and the proportionate area is greatest under 10 per cent while that under 11 to 25 per cent comes to 1/5 of the whole, and 26 to 50 per cent shows a difference of 1/8. Although the percentage of difference between the Survey area and that obtained by measurement is heavy the area causing such difference is insignificant. The variations from 75 percent and upwards are probably attributable to the failure of the ryots to point out accurately the limits of their holdings where no artificial boundaries exist on the ground, and also to incorrect distribution of pairnash areas when divided into survey numbers as illustrated in the margin. Such discrepancies can however be easily rectified during settlement. It may be observed here that sub divisions in dry lands are frequently



A and C belon
to one holder, B
another. The total
Jamabandi area of
both A and C is 1ac
20 cents. 60 cents i
apportioned to A &
the

e to BC during
tion. If each
is separately
ed on the ground
of AC would
ly be found to
Cents and that of
cent.

frequently changing by relinquishments and what would be the correct area in one year would be inaccurate in the next.

57

5. In this District there are 332944 subdivisions in 442384 Survey numbers the measurement of which would take years to complete, involve considerable expenditure and probably absolute accuracy would not be attained after all.

I have the honor to be
Sir,
Your most obedt. Servt.

Sir,

I have the honor to report on the progress of field work during the month of February 85 and to submit the usual statements

2 Classification. ~~This operation~~ was completed in 7 villages of the Tirumangalam ~~Taluk~~ comprising an area of 4671 acres or 26 square miles which closes the field work of the Taluk. ~~The classification of the taluk was finished~~ but the accounts ~~work~~ of 5 villages are ~~is~~ still in progress owing to the Karnams ~~absence who were~~ being withdrawn ~~withdrawn~~ to the Taluk Cusba for Jummabandi ~~annual settle=~~

3 The actual outturn of work during the month extended over 1187 nos embracing an area of 3670 acres. The rate of actual work per man per diem during the month under report was 92 acres. The decrease in outturn is partly owing to the slow work made by Classifiers and partly to the field work of the Circle having been completed. For short work the pay of Classifiers has been stopped.

4 Azimash or re-examination. This item of work was completed in 16 villages in the Trimangalam taluk and 3 in progress by the 1st Classifier; 13 villages in Trimangalam and one in Madura were inspected by Supervisor over the work of 1st Classifier and 14 villages were inspected by myself during

5 Jankayamb. The revision of metayamb was carried out in the villages of the Srinivasapalam taluk.

69

6 Sub division measurement. 5 Classifiers have been engaged ~~with~~ in the measurement of interstitial fields in the Palani Taluk during the month under report. The statements of this work will follow along with those of the previous months as directed in your Proceedings No 738 dated 10th current.

Ud.

To

The Director of Revenue Settlement and Agriculture
Madras

Sir,

I have the honor to rep[ort] on the progress of work of the [...] Party during the month of May [...] & to submit the usual retur[ns]

2 Account work The acco[unts] ~~of the~~ 3 villages of the Tirumang[alam] Taluk were not completed for [the] reasons stated in my last repor[t] and also ~~from~~ on account of the absence [...] on leave of one of the Classif[iers] engaged in this work. Stringent [orders] have been issued ~~were given~~ to finish these in th[e] current month.

3 Azimuth or reexamination The [...] item of work was completed in [...] in Madura and [...] in Tirumang[alam]

one village in the latter remained
[illegible]

Progress by Head Classification. The
Supervisor examined 1 village over the
work of the Classification and 23 over
that of the ~~Head~~ Classification in the
Trimangalam Taluk.

Revision of Tank ayacut. The
revision of wet ayacuts, was
carried out in 24 villages of the
Trimangalam taluk during the
month under report.

Sub division measurement. The
measurements of ~~Interstitial fields~~
holdings was ~~finished~~ completed in 13 villages
of the Palani Taluk and also in
~~Tow~~ Trichinopoly District village. 18 villages in Palani,
in Periyakulam, one in Dindigul and
in Trimangalam were in progress.

The actual outturn during the month
under report extended over 1141 S Nos,
containing 2900 subdivisions or 9374 plans.

Madura, 25 — 3 — 1885.

ure.

THE Director of Revenue Settlement & Agriculture

Madras.

With reference to yo[ur] Proceedings [of] the 12 Instant No. 790, I have the [ho]nor to forward in a separate [pa]cket the Land Register and [A]rea List of No 32 Tádaiyampatti [vil]lage, Tirumangalam Taluk for [tra]nsmission to the Superintendent [of] Revenue Survey for correction.

C.C.S.

To

The Dep. Rev. Sett. & Agriculture

Madras

No. 77

Madura

9-4-88

Sir,

I have the honor to forward reports from Messrs Horne & Foster submitting Schemes for the settlement of certain villages in the Madura Taluk noted in the margin.

Avaniyapuram
Kochadai
Attangudi
Tirupparangundram
Madakkulam

Mr. Horne was attached to this Party from the 12th Dec to 28th March 3 months excluding the Christmas recess. Mr. Foster joined on the 6th Feby & left ~~on the~~ 21st March ~~~~ on being ~~gazetted he was only~~ Senior (~~Asst Head~~ Asst. to the Collector in the Ganjam Dist). But although he was so short a time under training it will be seen from his report that he has acquired a good knowledge

...t as Senior Assistant to the Collector Magistrate & ...ft, Ganjam.

of the various processes connected
with a settlement Both of officers
have worked out a set of rates
for ~~both~~ wet & dry lands on in-
dependent data The grain values for wet
have been ascertained by Kyle
experiments in the field & the
commutation rates determined in
reference to the price lists of the
Taluk ~~the~~ Taking the average for
10 years from 1284 to 1293 (Kyle) excluding
the famine years the results attained being
= Rs 172 per garce Mr. Horne allows
6¼ per cent for merchants profits
& Mr. Foster 10 per cent. Thus the
former fixes the commutation rate
of Paddy at Rs 161 & the latter
at Rs 155 per garce. After deducting
cultivation expenses & one fifth
for vicissitudes of season the
half net or govt share arrived
at by Mr. Horne for the various
soils is Rs 6-4-5 Rs 5-0-9 & Rs 4-7-9

money resulting therefrom
& the rates he suggests are Rs 6, 5. 4-8 respectively Mr. Foster's half net are Rs 7-6 10 & Rs 6.3-5 & the rates adopted Rs 7 & 6. respectively Mr. Horne does not show how he has obtained the Standards in Dry grains as Mr. Foster has done ~~who~~ Cholum & Cumbu have been adopted ~~taken~~ by both gentlemen as the Dry standard grains The Selling prices of the Taluk for the last 10 years excluding 2 famine years have been taken to determine the commutation prices Mr. Horne after deducting 6½ per cent for advances merchants profit ~~calculates~~ Rs 162 ~~1/3~~ per ~~cent~~ garce & Mr. Foster after a deduction of 10 per cent Rs 160 per garce No ~~records~~ statements of the outturn of Dry crops are to be obtained from the records in the Collector's Cutcherry &c. Re Kyle

3

86

Experiments could [illegible] made the information ~~obtained~~ derived from the Ryots has been the basis on which calculations have been made Mr. Horne's half net are Rs 1.9.3 1-6-1 1-2-0 rates adopted Rs 1.8. 1-4. 1-~~[illegible]~~ Mr. Foster's half net Rs 1.6.2. rate Rs 1.6.0
The classification has been [illegible]uted by both officers with great care & may be accepted as correct. There is a marked variation in Tavourti man but I am satisfied that Mr. Horne is right in classing the lands in the ~~red~~ ferruginous series as they are decidedly red in character
The usual comparative statements of classification are ~~infend~~ herewith appended ~~Ext~~

Mr. Elwin was attached to this party for 2 months & 19 days when he was ordered to join his appointment in Vizagapatam ~~at~~ without delay I accompanied him

to the villages he had classified & found his work well & carefully done and as he ~~so~~ writes to say he is quite ~~at~~ competent to submit a ~~report on~~ scheme for the settlement of the same I have furnished him with the necessary papers & request that if his report proves satisfactory he may be granted a qualifica-tion certificate

No. 93

REVENUE SETTLEMENT OFFICE,

Camp Kausapuram, 2nd April 1885.

Enclosure. 8

To

THE Director of Revenue Settlement and Agriculture Madras.

97

I have the honor to report on the progress of field work during the month of March 1885 and to submit the usual returns.

The Classification of the resumed Inam village of Sattur in the Trichinopoly District, comprizing an area of 1138 acres or 1¾ Sq. was completed. The account work of 4 villages in the Tirumangalam Taluk has yet to be finished as the Karnams are absent on Jamabandi work.

3 The actual outturn of work during the month extended over ~~numbers~~ 280 numbers an area of 1027 acres.

Azmaish or Reexamination. This item of work was Completed in 15 villages of the Tirumangalam Taluk and ~~by the Head~~ villages were in progress by the Head Classifier. 13 villages in the same Taluk were inspected by the Superintendent the work of Hd. Classifiers and villages were inspected by myself during the month.

Tank Ayacut. Revision of wet ayacut was carried out in 13 villages of the Tirumangalam Taluk.

Sub division measurement. 5 villages were completed in the Palani Taluk and 14 were in progress in the same ~~Taluk~~. This work was much retarded by the absence of Karnams who were withdrawn to the Taluk Kasbah for Jamabandi work.

To
The Actg Dir Rev Sett & Agriculture
Madras

Sir,

110

I have the honor to submit the annual report on the operations of Party No 4 in the Madura District during the Official year 1884-85.

2 Classification. The area classified during the year is 30174 acres. 8133 acres in the Madura Taluq, 21375 in Tirumangalam, and 1027 in the resumed Inam Village of Puttur (Tinnevelly District). Survey Maps have yet to be received of 140 Villages of the Madura Taluk & 112 of Tirumangalam. Owing to the annual Jamabandi & the frequent withdrawal of Carnams by the Revenue officers Classification work has been much impeded. Some of the Classifiers were employed in the preparation of abstracts & financial results of the Taluks of Dindigul, Melur, and Madura required for the Settlement scheme of the District.

3 Appraisal. Every village classified was afterwards inspected by a

[left margin, vertical:] G. Jo Classifying 92

Hd Classifier who is held responsible for the general fairness & accuracy of the classification & the careful preparation of accounts — 303 villages have been examined by them during the year 23 in Melur 156 in Madura and 124 in Tirumangalam The Supervisor inspected 158 villages in all 108 in Madura, & 50 in Tirumangalam The number of villages inspected by me during the year was 60 In Dindigul 5 in Melur 30 in Madura 25 and in Tirumangalam

4 Tank Ayacut Revision This operation has been carried out in almost all the Taluqs in which classification has been completed The necessary accounts have been prepared by the Classifiers & tested by the Head Classifiers & Supervisor showing the area under each irrigation work which should be transferred from dry to wet and vice versa. The general result of these proposals can only be reported on after inspection of those localities The subjoined statement shows all the required statistics as compared with those of last year.

Names of Taluks	Total ayacut		Classified		Examined by Hd Classifiers		Examined by Supervisor over the work of Classifiers		Examined by Supervisor over the work of Hd Classifiers		Revision of Tank Ayacut	
	No of villages	extent	No of vills	extent	No of vills	extent	No of vills	extent	No of vills	extent	No of vills	extent

Grand Total	714	1750735	714	1334415	650	1161731	96	101548	383	610255	326	80363
[illegible]		602		471		531		18		227		[illegible]

5 Evasion of Revenue Cases in which the Curnams have failed to bring to account concealed cultivation & which the Classifiers have detected in the course of Classification will be forwarded to the Revenue authorities for the imposition of prohibitory assessment or to be dealt with according to the exigency of each case

6 Accounts All accounts have been prepared for every village classified during the year subject to examination & check in my Office

7 Expenditure of the Party The Expenditure of this Party during the year under report amounts to Rs 46951 which is less than that of the preceding year by Rs 621. The decrease is due chiefly to stoppages of pay of classifiers for short work. Since my last annual report a few vacancies have occurred in the Party and the introduction of the new scale has been carried out fully in my office, & partly in the field Establishment

8 Subdivision Measurement The measurement of subdivided fields which has been commenced lately was completed in 6 villages of the Palani and in 2 of the Madura Taluk & is in progress in the remaining villages of the former Taluk

9 The result of the year's work may be summarized as follows

242 ryotwar villages have been dealt with out of 713 which the District contains & the area actually classified amounts to 301741 acres or 471 square miles. The agacut of every work of irrigation has been carefully examined throughout the whole classified area. Accounts of every village have been prepared & measures taken for ensuring accuracy in the entries by check in my office & errata lists prepared with the aid of the extra hands. Classification work is now finally completed in all the 6 Taluks of the District.

10 Messrs Robinson Muller Elmin Horne & Foster were attached to this Party during the year & have been completed their course of training in Settlement Work.

No. 125.

REVENUE SETTLEMENT OFFICE,

Madras. 1st June 1885.

Enclosure.

To

THE Ag Director of Rev Settle & Agriculture

Madras.

131

SIR,

I have the honor to request that you will be good enough to favor me with a copy of G.O. ~~referred~~ No. 2984 dated 14 July 1884 referred to in your Endorsement No. $\frac{2365}{135}$ dated 21st Idem.

CH

132

No 126 Madras

7 1 – 6 – 85

The Director of Revenue Settlement and Agriculture

Sir,

132

With reference to your Proceedings No: 1419 of the 18th Ultimo, I have the honor to state that the Superintendent reports that he, in consideration of his work of inspection having fallen in arrears has of late adopted the method of testing the classification throughout block by block, that wherever he finds suspicion he has carried on his operation of test pits, and that to effect this end, as the classification of the District is over, and that all other work his have undertaken belonged to him, he was engaged solely in inspection of classification. I am therefore of opinion that it

too much for him while he is
[illegible] relieved to turn out ~~the~~ inspection
[illegible] at the rate in question.

[illegible] [illegible]s pointed out were un-
[illegible] [illegible] [illegible]ab of the classifiers
[illegible] [illegible]ished their work in Tiru-
[illegible]ngalam had to travel to Madura,
[illegible] thence to the villages assigned
[illegible] them for measurement in the Palani
[illegible]ck. Kurnams and Villagers were
[illegible]liged to attend the Camps of the
[illegible]mabund officers. One classifier
[illegible] was deputed for the classification
[illegible] Putten village in the Trichinopoly Dt
[illegible] to wait in office pending the
[illegible]ceipt of the survey plan of that village,
[illegible] another classifier transferred to
[illegible]rth Arcot Party was also retained
[illegible] office as requested by Mr Clerk
[illegible] his letters nos: 92/14 & 125/23 of 27th Feb. & 13 March/85
[illegible]spectively. Others also remained
[illegible]ll arrangements could be made
[illegible] provide them with chains. The
[illegible]rk for 116 days thus spent
by

133

them in office is included in the office work Statement.

3. The low rate in the measurement of Subdivisions was owing to inexperience in the nature of work on the part of Gumastahs and also to the ~~other~~ indifference and apathy shown by the village. The Survey Nos: Containing Subdivisions are mostly isolated. I however Consider that the No: of Letters is no proper Standard in Measurement work as some ~~letters~~ are measured with few plugs and other with ~~very~~ many.

4. I have employed all available hands on measurement ~~work~~ in Periyakulam Taluk, and issued necessary orders for proper Conduct of work. But they are ~~all lazy~~ in want of chains and request that the Gunters Chains indented for in my letter No: 100 of 2nd Ultimo be ordered to be furnished as early

possible.

As the monthly reports should
[in]clude the work only of the months
[to] which they relate as di[...]
the Progs No: $\frac{458}{71}$ of 17th Feb. 1883 there
[occ]urs some delay in receiving the
[re]ports of men working in distant
[lo]calities for want of [...]ons or
[po]st offices. Prompt steps have
[be]en undertaken for the receipt
[o]f ~~the work~~ returns in my office
[a]s early as possible and every en-
[d]eavour will be made for the re-
[gu]lar submission of these reports in future

Requesting to obtain sanction from the Government and Board for the re-entertainment of J. Srinivasachari & for the office rent for the period specified within respectively

A.B.K./305-O of 7th June 1885

136

Madras. 8th June 85

No 134

Gen 1

The Director of Revenue Settlement and Agriculture Madras

Sir,

In forwarding herewith copy of the objection Statement received from the Accountant General requiring the sanction of Government under G.O. No. 1748 of 4-8-82 for the re-entertainment of J. Srinivasachari who resig[ned] the 3rd English clerk's post in the Nilg[iri] Collector's office owing to the disagree-ment of the Hill climate, I have the honor to state that the G.O. therein quoted was not received in this office. Hence my failure to apply for the Govt. sanction before hand for his re-entertainment. He served the Settlement Department in its permanent branch for nearly 14 years and thus acquired a

[s]uperior knowledge in all the details
[o]f Revenue Settlement — He is a passed
[C]andidate having completed the Tests
required for the office of Tahsildar.
~~Enquiring~~ Consideration ~~to~~ of his ~~of~~
efficiency and usefulness I re-
entertained him in the service as 4th
[G]umastah on Rs 12 ~~of~~ in the Supervisor's
[o]ffice. I request therefore that
[y]ou will be so good as to move the
[G]overnment specially for ~~the~~ sanction
[to] retain him in the eligible service.

~~In the same~~ objection statement
the Accountant General also objects to
the office rent drawn at Rs 50 per
mensem from 12 to 19th January 1885.
[f]or want of retrospective sanction
[vide] Board's Procg: No. 484 d/20th idem.
[I] have charged in my Bill at Rs 50
[p]er mensem from the date I removed
[m]y office to the new Bangalow
[a]fter applying ~~sanction~~ for permission for
the

the same. I request therefore that you will be so good as to obtain Board Sanction for the rent at Rs 50 for the said period objected to.

137

137

No. 136
En: 19.

Madura 8th June 1885.

To

The Director of Revenue
Settlement and agriculture
Madras

Sir,

138

With reference to your Proceedings No: 961 dated 6th ~~ultimo~~ April 85 forwarding the Proceedings of the Board of Revenue and original letters of the Collector of Tinnevelly pointing out the incorrect classification of Watrap, Maharajapuram, Pudupatti, and Kansapuram of the Srivilleputtur Taluk, I have the honor to report that I proceeded to the said villages and in communication with the Collector inspected all Dry lands belonging to them. In course of my inspection I found

of their soil, rapacity of wild beasts, distance from the Village Site, and their situation at the foot of Hills, 1064 acres as 7-2, 45 acres as 7-3 and 45 acres as 4-2

2. My proposed assessment as detailed in the Statement herewith forwarded which shows for each village the occupied and unoccupied lands with their assessment indicates a decrease by Rs 1389 when compared with the assessment as per Settlement. A Comparison between the proposed assessment and that as per Jamabundy of last Fasli shows a falling off by Rs 7708. There are 3419 acres of unoccupied lands assessed at Rs 4123 which the ryots say they will take up for cultivation back when their present assessment is reduced as proposed by me. So I think there will be no more relinquishment, nor lands already relinquished left unoccupied.

140

3. In Watrap there are 290 acres containing Cocoanut Topes and gardens and possessing soil of faint dark Color which I keep in 4-1 as before. ~~Among the rest there are~~ 1450 ~~187~~ acres possessing soil of more Sandy than loamy, which however I have classed as 7-1 Considering the other advantages they possess. The remainder, 60 ~~300~~ acres, which lie close to the Hills and far off from the Village site ~~and being~~ subjected to the rapacity of wild beasts have been classed as 7-2 a sort lower. The area herein shown includes 45 acres since relinquished. Necessary alterations were also made in 4-2 & 7-1 soils.

Necessary alterations were also made in 4-2 & 7-1 Soils

4. Maharajapuram. Of 1792 ~~1901~~ acres excluding 168 acres since ~~relinquished~~ relinquished classed as 4-1 during settlement

~~188~~ 185 acres possessing pure black
cotton soil ~~and~~ ~~396~~ 308 acres of
black-loam ~~highly~~ intermined
with Soda, I have classed as
~~3~~-1 and 4-2 respectively.
There are 31 acres of fine
garden lands having black
loam as their soil, which I
retained in 4-1. I have classed
the rest 1100 acres, as 7-1 with
reference to the nature of
the soil even though they ap-
-pear to be some-what sandy.
Moreover there are 668 acres
classed as 7-1 during settlement.
~~Of which~~ 401 acres situated
along the foot of Hills Con-
taining poor gravelly soil
I reduced to 7-2, and 45 acres of the
remainder which lie close
to the Village-site I have
classed

(14)

classed as 4-2 with reference
to the Color of the Soil.

5. Pudupatti. A few ac
of garden lands round the
village-sites of Minatchi
puram and the Kusbah
possessing soil of light brown
loam are retained in 4-1.
The rest possesses soil of
pure red-loam, the best
portion of which Comprising
1664 acres I have classed as
7-1, and the remainder lying
at the foot of the Hills as 7-2
and 7-3 according to the
nature of the soil and other
disadvantages.

6. Kausalpuram. A greater
portion of lands of this
village is far away from
the village site engulfed
by

Hills. The soil is more sandy than that of other villages except that of 185 acres of well-lands along the river Sittar. They possess rich soil of faint black-color capable of yielding 2 crops of cholam &c, which I have classed as 4-1. 1640 acres having soil of pure red sandy loam and which was classed as 4-1 during settlement I have classed as 7-1. The extent comprising 546 acres lying between the 1st and 2nd Hills which are more subjected to the rapacity of wild beasts and classed as 4-1 and 7-1 (i.e. 501 acres as 4-1 and 45 acres as 7-1) during settlement, I have classified as 7-2 and 7-3

142

7-3 owing to poorness of their soil and other disadvantages.

7. Under the above circumstances I can say that my classification of Dry lands of the 6 villages under report is fair. The present settlement assessment is no doubt heavier when compared with that on similarly circumstanced lands in all the settled Districts. I believe that the then Settlement officer has based his classification mainly on the old rates then existed, and changed the soil in order to suit the settlement rates with the old ones without reference to its real nature and other

149

other Circumstances.

8. These 4 villages pass in the name of Vattirayiruppu as a single village prior to Settlement, which was then divided into 4 villages under report.

9. A Single and uniform rate of assessment viz 2-6-11 per acre was imposed during the Pommaish on all Dry lands of the 4 villages. I understand that the Bramins who held more than one-half of the Dry ayacut have had one-fourth deduction known by the name of Chatoorbagam from the assessment due by them along with other remissions. These

143.

facts were not taken into Consideration during Settlement.

10. I have also herewith forwarded a Soilwar Statement showing the original classification and changes made by me according to the nature of the soil distance &c

11. In the eye-sketches of the 4 villages herewith attached the original classification is marked in black-dotted lines, and changes made by me in red-lines.

No 136
Enc. 19

Madura
8 June 1885

To

The Director of Rev Settlement
& Agriculture
Madras.

Sir,

144

With reference to your Proceedings No 961 dated 6 April 85 forwarding the Proceeding of the Bd of Revenue and original letter of the Collector of Tinnevelly pointing out the incorrect classification of Watrap, Maharajapuram, Sudupar and Kansahibpuram of the Srivilliputtur taluk, I have the honor to report that I proceeded to the said villages and in communication with the Collector, inspected all dry lands belonging to them. In the course of my inspection I found no black loams ~~at~~ of 8091 acres referred to, by the Collector and assessed at Rs 2-8-0 per acre. However, there were 570 acres containing Cocoanut topes and gardens which can be

retained under 4-1 as before. 185 acres of the remainder, comprising pure black cotton soil, I have classed as 3-1. The rest excluding 338 acres of black loam, intermixed with soda, classed as 4-2, and 869 acres since relinquished, have been brought under 7-1 and 7-2, with reference to the nature of the soil. Besides these, there are 4829 acres placed during settlement under different soils as detailed in the margin,x about which the Collector is silent. Of 1672 acres classified as 4-2, and 1154 out of 2450 acres classified as 7-1, during settlement, 86 acres containing inferior black loam have been classed as 4-3. Of 1370 acres (excluding 216 acres since relinquished) 933 acres have been retained under 4-2 and

x	ac
2-2	133
4-2	167
3	27
4	12
7-1	245
2	1
3	16
	482

145

437 acres of pure red loam, have been altered to 7-1 and 7-2. In dealing with the remainder, i.e. 1154 acres, considering the sandy nature of the soil, 45 the distance from the village-site, and close proximity to the Hills, 1064 acres have been classed as 7-2, 45 acres as 7-3 and 45 acres a better description of land as 4-2.[x] My proposed assessment as detailed in the statement herewith forwarded which shows for each village, the occupied and unoccupied lands with their assessment, indicates a decrease by Rs 1389 when compared with the assessment as per settlement. A comparison between the proposed assessment and that as per Jamabandi of last Fasli exhibits a falling off by Rs

x Para 2

Rs 7708. There are 3419 acres of unoccupied lands assessed at Rs 4123 which the ryots say, they will take up for cultivation again if their present assessment is reduced as proposed in this report.

3. In Watrap, 296 acres Containing Cocoanut topes & gardens possessing good soil I have retained ~~as~~ under 4–1. as before. 1453 acres Containing red loam, I have Classed as 7–1. The remainder 60 acres which lie close to the Hills and far away from the village-site subject to the rapacity of wild beasts have been Classed as 7–2, a sort lower. The area herein shown

excludes

9 146

excludes 115 acres since relinquished. Necessary alterations were also made in 4-2 and 7-1 soils.

4. Maharajapuram. Of 1792 acres excluding 168 acres since relinquished, 146 Classed as 4-1 during settlement, 185 acres containing pure black cotton soil and 308 acres of black loam intermixed with soda have been Classed as 3-1. and 4-2 respectively. There are 31 acres of fine garden land which have been retained as 4-1; 1000 acres have been classed as 7-1 with reference to the nature of the soil though, here and there, they are somewhat poor in quality. Of 668 acres Classed as 7-1 during settlement, 401 acres situated along the foot of Hills containing poor gravelly soil have been reduced to 7-2 &

and 45 acres of the remainder
which lie close to the village-site
classed as 4-2.

5. Pudupatti. A few acres
of garden lands round the village-
-sites of Minákshipuram and
the kasbah have been retained as
4-1. The rest is pure red loam,
the best portion of which comprising
1654 acres have been placed under
7-1. and the remainder lying at
the foot of the Hills under 7-2 and
7-3 according to the nature of the
soil and other disadvantages.

6. Kansáhbpuram. The greater
portion of the lands of this village
is situated far away from the village-site
between two ranges of Hills. The
soil

147

soil is more sandy than that of other villages except about 185 acres of well-lands along the river Sittar, yielding two crops of Cholam &c which have been brought under 4-1. 1640 acres of pure red sandy loam and formerly classed as 4-1 during settlement have been brought under 7-1. The extent comprising 546 acres lying between two ranges of Hills and formerly classed as 4-1 and 7-1, during settlement, have been classified as 7-2 and 7-3.

7. I can unhesitatingly say that the present settlement assessment on dry lands in these four villages is far too heavy when compared with that on similar lands in the

the other settled districts. I imagine that the settlement officer must have based his classification mainly on the old existing rates and changed the soil to avoid a large reduction.

8. These villages formerly came under the name of Vatteraýiruppu prior to settlement and afterwards were divided into 4 villages as now existing.

9. A single and uniform rate of assessment, viz 2 - 6 - 11 per acre was imposed during the old paimash on all dry lands of these 4 villages and I understand that the Brahmins who held more than one-half of the dry ayacut were allowed a deduction of 1/4 from their assessment

known

3 148 known under the app[illegible]ation of Chattarbagain. This was apparent[illegible] not taken into consideration during settlement.

118

10. I beg to append a soilwar[illegible] statement showing the original Classification and changes made by me, according to the nature of the soil and other circumstance[illegible]

11. In the eye sketches of the 4 villages herewith attached, the original Classification is marke[illegible] in black-dotted lines and the changes made by me in red-lines.

I have &c

No 1161 — 13th June

Genl 11.

To

The Director of Revenue Settlement
and Agriculture
Madras

Sir,

173

With reference to your Procg: No: 1511 d/29th Ultimo pointing out certain discrepancy in Mr Miller's report, I have the honor to state that the figures given in the statement entered in para 3 of ~~his~~ the [illegible] are based on the actual statements of the ryots of [illegible] villages. The average figure ~~got on~~ obtained by putting the statements of the [illegible] villages together is detailed as follows below

Cost of a pair of cattle oxen	How long will the [illegible] ... The [illegible] are able to [illegible] (yrs)	Cultivated [illegible] a year (acres)	What amount that a pair of [illegible] will fetch at end of [illegible]	Cost of a pair of ploughing & other [illegible] ... the [illegible] ... the [illegible]

the average per man per diem was 9 letters or 29 fluses.

7 Azimaish of measurement 15 villages in the Palani Taluk were completed and 11 were in progress in the same by the Head Classifiers.

8 The accounts of the [illegible] village of Puttar in the Trichinopoly District were completed and rough pattas prepared. The financial results will be communicated after hearing appeals if any. The results of [illegible] villages of Srivilliputtur Taluk have been reported in my letter No 136 dated 8th June 85

9 The delays in travelling were incurred by the Classifiers and Extra [illegible] deputed for measurement work in the Periyakulam Taluk. The days lost by the non attendance of the village officers

icial & other [illegible] ~~[illegible]~~ owing to
frequent employment of the former
on ~~the~~ Revenue Collections ~~duty~~ and the
preparation of accounts connected therewith
in the Taluk cutcherries. The Tahsildars
have been directed not to withdraw
the Curnams ~~th~~ from their villages and
to see that they render proper
assistance to the men of ~~our~~ this Department
in their field operations. &c.

The Director of Re

183

Sir,

With reference to yo
No 1515. dated 31st ultimo returning
Elwin's report for remarks, I have the honor to state that on reference being made to the records available in my office I found out that the area of wet and Drylands which one pair of tilling cattle can plough is 4 acres of the former and 5 acres of the latter. The subjoined shows for each village the statement of the ryots as actually obtained from them.

Names of Vges.	Cost of a pair of ploughing bullocks.	How long they will be serviceable	acres cultivated every year	amount a pair of bullocks will fetch if sold at last.	Cost of a pair of bullocks for a year calculated on figures in the preceding column	Cost of labor for ploughing.	Total of Cols. 7 & 8.
Okkulappi	40	5	4	7	1-10-5	1-11-0	3-5-5
Ponmeni	40	5	3	8	2-2-1	2-1-4	4-3-5
Sellur	40	5	4	7	1-10-4	1-4-0	2-14-4
	120	15	11	22	5-6-10	5-0-4	10-7-2
			Average		1-12-11	1-10-9	3-7-8

[illegible] that the Column "Price of [illegible] to in para 3 of Mr Elwin's [illegible] not include the Cost of labor [illegible]oughing. This has been estimated in grain and Commuted into money. In doing so, a reduction for inferior lands has been made as the expenditure on them [illegible]ulds necessarily be less. The figures thus [illegible]tained are detailed below:—

Classification		Cost of ploughing bullocks			Cost of labor in ploughing			Total		
Class	sort									
4 4 7	1 2 1	1	12	11	1	10	9	3	7	8
4 7 8	3 2 1	1	10	"	1	9	"	3	3	"
4 7	4 3	1	9	"	1	8	2	3	1	2
7	4	1	9	"	1	7	4	3	"	4
7	5	1	8	"	1	5	2	2	13	2

2 The average referred to in para 5 of Mr Elwin's report is as shown in the statement below. It was taken as a basis to arrive at the Commutation rates with reference to the average price per garce as detailed in para 4 of the Report.

190

No 151
Encs 2

Kodaikanal 22^d^ June 1885.

To.

The Director of Revenue Settlement & Agri[illegible]
Madras.

Sir. 1925

With reference to your endorsement on Petition No 377 of 1884 of one Karunkannam Mannadi son of Sattana Mannadi a ryot at Vellaigavi praying for the demarcation Survey and Settlement of his lands, I have the honor to state that Vellaigavi a hamlet of Vadagarai Village, Periyakulam Taluk lies [illegible] west of the main Village on the Hills. It contains 51 holdings with 281-26 acres of dry and 2·34 acres of wet lands as per statement herein enclosed yielding a Revenue of Rs 294-6-8- at the rates per acre given below:—

	Rs. As.
Sami, Raggi. Bengal gram. Casteroilseed and Tenai	0-3-
Coffee and Cardamoms	0-6-
Paddy	0-13-
Cardamoms on Forest Lands	1-10-
Wheat	1-4
Plantains	2-1-

The Wet lands are irrigated by Hill Streams. The Petitioner holds a pattah for Rs 19-14-8 He as well as the other ryots desire

to

to have their lands demarcated, surveyed and settled which I am of opinion may be done setting aside all lands required for Forest Reserves

I have &c

Enclosure.

To

THE Ag Director of Revenue Settlt
and Agricult
Madra

SIR,

194

With reference to your Proceedi
No. 1773 of the 19th Instant, I have t
honor to state ~~that~~ the actual
examined by the Head Classifiers
in April last is ~~only~~ acres 1

Completion 14711
Progress 1184
15895

as noted in the margin and no
acres 24755. The latter is the
actual area of the previous m
entered in the statement by a clerical
~~mistake~~ Error I have strictly warne
~~one and all to~~ the office hands guard against
~~such~~ a recurrence of the same

2 I regret ~~very much~~ the

remarks passed in para 2
f the Proceedings, and beg to
oint out that the average rate
f actual work done by the
Hd Classifiers amounts to
88 acres and not 209 acres
may be seen from the
statement ~~appen~~ subjoined. Of the
Hd Classifiers, one who ~~has~~
ished the Azmaish work of
division was deputed to
uperintend the measurement of
interrotitial fields in the Palani
Taluk.

Names of Hd. Classifiers	No. of working days	Aggregate no of Hd Classifiers	Collective days	Area examined	Rate per diem	Travelling	Absence on ...	Other du...	Other Causes	Total	Difference between Col 4 & 11	Rate of work ...
1	2	3	4	5	6	7	8	9	10	11	12	
...reenaghiri mudali	19			6011		.	1	2	1	4	15	400
...amachandra Row	19			6043		1	.	4	.	5	14	43
...Mahalingam aiyar	19			3841		.	4	3	.	7	12	3
~~Total~~	19	3	57	15825	277	1	5	⊗ 9	× 1	16	41	

...d Classifier was obliged to reclassify a village ...

3. The number of cases in which the Hd. Classifier's work was altered by the Supervisor during the months of March and April is shown below; and I have already explained his mode of remark in my letter No 156 dated the 1

195

Months	Total No of village examined	Total Survey Nos. examined	Of whi	
March	13	6675	6650	
April	14	6997	6811	18

4 As directed in your Proceedi No 1773 dated 19th Inst, I have employed ~~ordered~~ several of the extra gumasta in the measurement work and I shall send some more gumas on receipt of Chains - With a vie to facilitate the measurement wor

I have written to the Dy Supdt.
No III Survey Party to furnish me
t the Amin Sketches.

The Gumastahs were employed
the same kind of work as usual
April also. The work accomplished
them is detailed in the Office
...ent. I have issued
...rders to men employed
on measurement duty to
out work as per standard & in the event of
the same time warned them that ~~their~~
lure they will be ~~met with by~~ severely
~~punishment~~.

The Curnams of the 4 villages
the Tirumangalam Taluk having
... attended, the accounts ~~thereof~~ of the Taluk
... been completed.

I have &c
